Short Description

Whether you are a photographer, graphic designer, or business owner, Adobe Photoshop is a valuable tool!

Description

Accelerate Your Future at SoCal ROC!

In a fun and creative environment students will learn how to blend images together to create logo designs, corporate and brand identity designs, movie poster designs, album cover designs, graphic t-shirt designs, and character art designs. This course introduces the student to the basic skills needed to succeed as a graphic designer and prepares students to advance to our Media Design II (Illustrator) class.

The student is introduced to the various styles of type and design used throughout history. Students will create a series of typical design projects such as brochures, postcards, flyers, etc., and will be introduced to computer illustration techniques. Students will also design an online portfolio!

High School Info

Benefits of CTE

After completing courses in CTE, you will have a clearer vision of your future career path and what the next steps will be. Career Technical Education allows high school students to see what options are out there and see first-hand what careers they enjoy and thrive in. Whether you decide to enter the workforce, pursue a trade or apprenticeship, or apply to college, CTE adds to the traditional high school experience and is designed to prepare you for the next stage in your life.

Earn High School Credit!

You can earn 5 elective credits and satisfy CSU/UC Admissions Requirements » F - Visual and Performing Arts (upon completing this course and Media Design II)
